Lawther, president. Mr. Reid is well known in Cameron where he rose to the position of cashier of the local bank from office boy. DIPLOMACY ENDS AS GERMANY REFUSED

Europe had reached the brink of war late Thursday afternoon when all diplomatic activities between England and Germany were suspended and Poland completed her mobilization and declined to negotiate on the Danzig question with Germany.

The German government had asked Poland to send a representative to Berlin to discuss the Danzig question.

Great Britain issued today a general mobilization order for all her troops reserves for land, sea and air. The German government regarded this action on the part of England as contributing greatly to the present aggravated situation.

There were also indications that Italy would throw her armament with Germany and that Russia might come in to assist the dictators.

At time of going to press, there was every indication that war might be in progress in Europe by Friday or Saturday.

The British government delivered a note to Adolph Hitler of Germany Thursday stating that the British knew the position of Germany and no reply would be expected. This note in effect suspended all diplomatic efforts to avoid war.

WEATHER REPORT

Interesting figures taken from a report submitted today by R. A. Tag, local weather observer, indicate the rainfall for August this year is 1.39 inches as compared with .64 inches for August of last year.

The two hottest days in the month were on the 14th and 15th when the thermometer registered 105 degrees and the lowest temperature for the month was on August 29th with 89 degrees. On the hottest day in August 1938 the thermometer reached 103 degrees and on the coolest, 75 degrees.

Rainfall to date for the year is 20.98 inches as compared with 17.51 inches for the same period of 1938.

Rotarians Hear Talk On Postal Service

Cameron's postal system, how it works, its personnel, and its records formed the background of an interesting discussion Wednesday at noon when Albert Collins of the local postal service spoke to the Cameron Rotary Club.

The Cameron postal system is so efficient that there have been no examinations in ten years. Mr. Collins was careful to avoid any personal boast because he has been with the local service for a long period of time and was detailing for the information of businessmen assembled at the luncheon, how the local system operates. It was one of the best programs of the year. Mr. Collins said that many businessmen overlooked correct postage on mail matter and often this creates misunderstanding. Postal rates are three cents per ounce or a fractional part thereof and letters weighing more than the three cent limit require six cents.

At 6 a. m. each morning there are something like 2500 to 3000 letters which must be distributed and ready for rural and city carriers within the space of approximately one hour. The postal clerks are so well trained that when these letters are assorted for distribution, they never look at the boxes and judging from the examinations which were held here some years ago an error is a most unusual occurrence.

The expenses for operating the local postal system are paid for by the

post master out of funds taken in through the sale of stamps and other revenues. The Cameron post office not only pays the expenses of its operation but the depository in Austin receives regularly the overplus of funds. Stamps are sent to the local office under invoice and any equipment needed for the local system, is obtained by requisition. The post office is not required to pay for anything received from the government. Instead the proceeds from sales are placed in the bank and from these sales expenses are paid. A first class post office must do a minimum of \$40,000 per year. The Cameron receipts greatly exceed this amount.

Mr. Collins when asked by Dr. Clifford Swift, about the most unusual mailing matter ever received at the local office, replied that during a recent Methodist conference held some years ago in Cameron, a minister had sent to him by parcel post a cork leg. Someone in the audience wanted to know if this was a Sunday leg.

Mr. Collins discussed the increasing importance of air mail and told of the rapid service rendered by the post office department. A letter mailed in Cameron on any given day reaches New York City or San Francisco the following day. The service is almost, if not equivalent to telegraph service.

Drawing Plans For Baptist Educational Building In City

J. E. Johnson, architect, announced today that he had been chosen to draw the plans for the new educational building shortly to be constructed by First Baptist Church. Mr. Johnson was notified he had been selected after a meeting of the building committee on Wednesday night.

Mr. Johnson said buildings of this type in other cities would be studied and the best possible location for the new building would be ascertained before definite plans are made. It was said work would be started immediately on the \$15,000 building, long needed for the educational department of First Baptist Church.

The decision to start immediate building was reached at a meeting of the building committee on last Sunday night. It will be large enough to house approximately 1000 people. Several thousand dollars of the required sum is already on hand and additional funds are coming in. Grady Cooper is chairman of the building committee.

Man Fined Here to Face Charges In Palo Pinto County

Tom Baker, alias Anderson, who profited by lincency of local officers recently when he was charged in justice court following a fist fight with John McLerran and who never paid his fine, was taken into custody on a Brazos Bottom farm in Robertson county Tuesday of this week and now faces a charge of assault with intent to murder in Palo Pinto county.

Information regarding this arrest was announced here at noon Saturday by Clarence McCall in the office of Sheriff Kennedy. Officers here said that Baker's real name is Anderson and the offense for which he was arrested dates back to 1925. Since that time it seems that Anderson has been in many sections of the United States and managed to escape detection until Robertson county officers picked him up Tuesday on information furnished from Palo Pinto county. At the time Anderson was arrested in Cameron following a fight on a prominent street with John McLerran, he left the city and went to Franklin taking with him his five daughters, leaving his wife here.

Tug-of-War Feature Event at Burlington Picnic, September 10

Besides the usual chicken and sausage luncheon and supper at Burlington picnic on Sunday, September 10, there are many features of amusement to be held in the afternoon.

Cameron's eleven will engage in a tug-of-war contest against eleven of Burlington's chosen powerful men. Other events during the afternoon should prove enjoyable for all present.

Mr. and Mrs. Tommie Wright and son, of Graham, have concluded a visit here with her parents, Mr. and Mrs. W. P. McCall.

WACO WOMAN INJURED IN CAR WRECK HERE

Mrs. Maude Tenal of Waco was injured in a car wreck at 1 o'clock today when her car, an Oldsmobile, struck an oil truck in a head on collision near the Hill Top Tavern on Highway 77.

Mrs. Tenal was taken to the Cameron hospital for emergency treatment. It could not be ascertained just how serious her injuries were.

Both car and truck were badly damaged. Mrs. Tenal was coming toward Cameron and the G. W. McLane Oil truck was evidently turning in at the tavern when the collision occurred. The driver of the truck was said to be only slightly injured.

Prospects Improve For Yoemen This Fall As Letter Men Give Promise As Team Core Around Which Coach Wood Hopes to Build His Threat

BY GUEST REPORTER

With only four letter men back, it is going to be very difficult to build even a reasonably good football team this fall. Looking over the material last Friday night at the gymnasium, the guest reporter, could see some ray of hope in the tall, sunburned rural boys who reported to hear Coach Wood outline the philosophy of conduct every boy must submit to before he wears the colors.

That brings up the new uniforms for the year. They are perhaps the finest ever purchased by the Safari. The uniforms are similar to the white and maroon stripes the Yoemen used several years back. They are striking in both color and appearance. It takes more than a uniform to play football.

In looking over the material represented by the four letter men, the situation is not as encouraging

as one could desire. However four letter men are better than none at all.

Red Tindall who saw service last year as a line man at end can play one more year and Coach Wood is desperate for a passing combination and may find that Walter Lucas can emerge as a strong back field factor around which an aerial offensive can be built.

Robert Masopust who played end last year, is making a desperate effort to prove his eligibility again this year based on his age. Thus far no satisfactory proof has been offered which can be submitted to the Interscholastic League authorities. The scholastic and census records show that Robert is 18. He was born in Bell county. If it is proven that he is eligible, Wood would have five letter men back.

Walter Black who showed considerable ability in the Yoemen line

last year is being depended upon to furnish his share of strength around which the new material can be forged.

Fred Allen who also gave great promise last year in the back field, further strengthens the possibility that with Lucas playing in the role of passer and punter, the back field may overshadow the line badly. Another prospect is a sophomore by the name of Price who looks to be a very good back field performer although without experience.

The guest reporter has a mighty hard time getting information about the Yoemen. The Athletic Council has the poorest publicity system we have ever seen. About as far as we can go is to wait until this fall and read the programs and there find the last names of the men. Anything more would be something new and we must always resist anything new.

Placards giving the schedule for this fall were due to be out by September 1. A well known local soft drink distributor was due to sponsor the boards this year but has now turned the proposition down and the Athletic Council has taken no action. Considerable work is to be done later on in the fall preparing pictures and getting publicity material including the all-important programs for the six games to be played here during the season.

ROBBERIES CLEARED UP AS YOUNG MAN PLACED IN JAIL HERE SUNDAY

Marshall Barrett was placed in jail here Sunday morning following his arrest at 3 a. m. as he attempted to enter the Denker grocery store on Highway 36. The arrest was made by John Eans and Dan Lunsford.

In a statement to Gene Smith, City Marshal, Barrett also admitted recent robberies of the Gus Plentl Magnolia Station and the Joe Matula Grocery.

He was placed in jail where he faces charges of burglary.

Mr. and Mrs. Carnie Block and little son were in Cameron Monday visiting Mrs. Block's parents, Mr. and Mrs. A. R. Oneal. Mr. and Mrs. Block are returning from a vacation trip which took them to Houston, Galveston, Hot Springs, Ark., and back through Fort Worth where they visited other relatives. They will leave Cameron Tuesday for their home in Freer. On Monday Mr. Block, his small son, and Mrs. Oneal were visitors at the Herald office where Mr. Block subscribed to the Cameron Herald for another year.

The local F. S. A. office force enjoyed a fish fry and picnic at Norman Valley on Thursday evening. Special guests in whose honor the affair was given were Miss Willie Mae Dunham, District Home Supervisor of Dallas and W. M. Burkes, District Supervisor of Dallas.

NEGRO WOMAN STICKS ICE PICK IN HEAD OF HUSBAND NEAR GAUSE

Ora Mae Cook, negro, was placed in jail here Sunday following a family quarrel at a negro dance hall-restaurant in Gause on Saturday night when she thrust an ice pick through the head of her husband, Jessie Cook.

She was arrested by Joe Lankford, constable of precinct 3, Constable B. F. Bailey and Deputy Clarence McCall, placed in jail and later released under \$500 bond. She said she hit Cook following a quarrel when he started to hit her. The fight occurred outside the dance hall.

Cook was brought to Cameron for treatment. His condition is said to be very critical. The handle of the ice pick broke off as the pick entered the right side near the top of head slanting toward the lower part of the ear and was still embedded in the skull when he was brought to the hospital.

A census report submitted by Ray O'Neill special agent for the Department of Commerce, shows that 4,959 bales of cotton were ginned in Milam county prior to August 16 1939. For the same period last year 1,349 bales had been ginned, or a difference of 3,610 bales has been ginned this year in excess of the 1938 crop.

WEEK END IN JUSTICE COURT

The week end in justice court did not produce anything more in the way of offenses than drunkenness and traffic law regulations.

A negro whose name was not learned was severely cut early Sunday morning leaving a trail of blood up and down the sidewalks. Constable B. F. Bailey said that the negro was cut by a negro woman but he did not know her name.

Marvin Hess was charged in justice court with hogging the road, a case filed by D. R. Enochs of the Highway Patrol. Mrs. Maude Terrall was charged with speeding by D. R. Enochs of the Highway Patrol.

B. F. Bailey reported three arrests were made over the week end, all of them charged and fined in justice court. Whether the fines have been paid was not known. They are Elmer Calvin, drunkenness; Rosonda Davilla, drunkenness; and T. S. Melton has been charged with disturbing the peace.

Monroe Slaughter and son of New Orleans are here spending a few days in the home of his cousin, J. L. Slaughter. The cousins had not seen each other in 48 years and the visit which was unexpected was an event of surprise and pleasure to the Slaughters.

Bob H. Nabours, returned to College Station Monday where he is a student at A & M College.

CAMERON THEATRE SATURDAY PREVIEW

YOEMEN LOOK BETTER THAN EARLY REPORTS INDICATE; SQUAD SEEMS DETERMINED

Yoemen for 1939 assembled on the lawn of the gymnasium building Friday night—26 of them looked much better than I had anticipated.

The squad, much larger than we were led to believe by advance information and a few of the men, especially letter men looked big enough to make themselves useful in most any game the Yoemen will have to play this fall.

I was especially impressed with the temper of the man. Most of them are country boys, tall, lean and silent. Aside from a little horse play and back slapping the men seemed very serious about the whole thing. They looked determined. They were told that there was hope everywhere that the baby buggy would become a myth before the season is over. Boys resented the baby buggy angle somewhat but on the whole were good natured and are willing to face the facts.

About 50 chairs were placed in a horse shoe—an emblem of good luck—while Coach Wood held in abeyance the grand rush for the ice cream freezer, and made them a crackling good talk on what to expect during the arduous training days ahead.

Coach Wood is doing a fine job teaching the boys to be clean. They must not smoke, drink, nor cuss. They must not keep late hours and four nights out of the week they cannot dance.

In the circle were J. C. Martin, president of the Board of Education; Mrs. W. O. Triggs and Bismark Horstmann, members of the Board; E. A. Perrin, superintendent of the schools; W. C. Wiese, principal of the high school; assistant coach Punk Bennett and B Squad Coach R. T. Patterson. Representing the Athletic Council were Albert Collins and F. G. Blake.

The boys are soon to go to Mexico and they are all steamed up over the trip and there seems to be an eager anticipation of opening of the training season on September 1.

I got my ice cream cone because the football boys held a respectful distance while guests and members of the Athletic Council and Board of Education were served.

All of the formality at this point was of good nature and with a lot of fun. As I said above I was impressed with the quiet demeanor of the boys and the lack of any demonstration anywhere. There are four

letter men back for the year, one of whom is Walter Lucas, who may be the spark plug and ace back field man because of his ability to pass, punt and run with the ball. It was no secret that much would be expected of Lucas.

YOEMEN SCHEDULED TO BEGIN PRACTICE ON THURSDAY, SEPTEMBER 1

Further news stories regarding the Yoemen football team for 1939 will be deferred until the team begins practice on September 1.

Coach Carol Wood is in Wichita Falls coaching the eastern team for the annual Labor Day all-star game. With him is Clifford Guesg and Alex Lazek, both guards from the 1938 team. He will return to Cameron on September 2. Training however will get under way with Assistant Coach Punk Bennett and B Coach R. T. Patterson in charge.

The Herald requested several months ago a biography of each Yoemen but due to the fact that the personnel of the team is not yet known, it will be necessary to wait until Coach Wood returns and his squad is fairly well advanced. Publicity is very difficult in the face of

such poor co-operation as Cameron newspapers have had during the past few years. For the first time, the Cameron Herald proposes to outline a systematic campaign to give the most favorable introduction of the football men for 1939. This can be accomplished only if the Athletic Council gives the necessary co-operation.

The first game of the season is a scrimmage between McGregor and Cameron, the date of which is to be announced when Coach Wood returns from Wichita.

A revival meeting will begin at Little River Baptist Church on Sunday, August 27, with services being conducted morning and evening.

Rev. Bennie Goodwin of Louisiana will conduct the preaching services. Citizens here and over the county are cordially invited to attend these services at this historic little church.

SHARP WAITS ANSWER OF PWA OFFICIALS TO GRANT APPLICATION

Progress is going forward slowly in the reconstruction of the Sharp High School building, recently destroyed by fire a few days after its completion.

The school board of the Sharp district has submitted an amendment grant application to Public Works Administration officials in Washington, but it was expected to take two weeks or longer to receive their reply.

F. R. Cromwell, PWA official here,

said although insurance to the full extent of the coverage claim would be paid, this sum was insufficient to rebuild. He said the school would be replaced as it was with the exception of a few advantageous changes and in some instances better materials would be used in the construction.

Mrs. J. E. Arnold of Cameron is visiting her daughter, Mrs. Bill Todd of Goose Creek, this week.

J. L. Chamberlain of Walkers Creek was a business visitor in Cameron Tuesday.

1939 Football Hopefuls Munch Ice Cream Cones At the Gym While the Smart Boys Appraise Chances of the Yoemen on the Gridiron This Fall

Friday night at gymnasium, Cameron football hopefuls for 1939 munched an ice cream cone or two and looked at each other, picked out their positions on the squad, made a few touchdowns, won the district and regional title and went home.

Prospects are anything but bright and except for a miracle of coaching and some unusual determination on the part of the team to do or die, no one expects Cameron to do anything important in the conference play this fall.

Each year the prospective football players meet Coach Wood for the ice cream festival. A cone or two, more or less is the same. The meeting is only a gesture to give the little fellows an opportunity to appear big and important in the eyes of the Safari (the Athletic Council) who were on hand Friday evening to

give the goggle eyed spectators an earful of dependable dope.

The editor of the Daily Midget was on hand Friday night to see the grand review of gridiron talent. He did not hope to get an ice cream cone for his experience has taught him that when cone time arrives the hopefuls make a rush, mob the freezers and about all there is left is the salt and ice around the can.

It is his observation that if the football players could do as much to an opposing team on the field as they do to ice cream cones, a Class B team would place all of the All-Americans this year.

There has been some resentment among players over the discouraging comments made by this Little Journal on prospects for this year but we still stick to the proposition that Coach Wood is tops and can do a good job if given a half chance.

He has been known to make passable football teams out of a rabbit's foot, a broken goal post and a lawn mower to keep the grass down. If he has anything more this year, we fail to see it.

We do know that he has been operating a lawn mower rather vigorously during the last two weeks. Maybe he is thinking about other days when there was a smattering of glory under the maroon banner. Maybe he is just mowing the lawn, who can tell?

ROTARY CLUB WILL BROADCAST WORLD SERIES

Something unique in the way of community service was voted Wednesday by directors of the Cameron Rotary Club. A committee has been named composed of Dr. Clifford Swift, F. G. Blake and P. W. Davis to arrange for a broadcast of the World Series in early October.

Many citizens will no doubt be glad to know that returns from the parks where the games are played will be brought to some central spot in the business district, preferably the court house lawn, for the benefit of the mass of fans who enjoy commenting to each other as the game progresses.

77 IS QUOTA OF NYA JOBS

The family drove home in their car and friends are happy to know they have returned to the city.

Mrs. Ed Kolba of Buckholts entertained with a bridge party Friday morning at 10 o'clock. A group of Cameron players attended and enjoyed the recreation. Refreshments were served at the conclusion of the games.

Bertha Ruth Petty of Centerville is visiting here in the home of her uncle and aunt, Mr. and Mrs. W. M. Fanning.

BLAKE ANNOUNCES DEAL CLOSED FOR MADISONVILLE COCA COLA PLANT

Fred G. Blake, of the Coca Cola Bottling Company, announced here this week that he had purchased the Coca Cola bottling rights in Madison county.

The deal, said to have involved approximately \$50,000, has been pending for some time. Final approval was given by the Coca Cola Corporation last week and the deal has been finally closed. Of especial interest to Cameron is the announcement that the plant here will undertake additional bottling for Madison county. The purchase of the Madisonville plant gives Mr. Blake's Company Coca Cola rights in Milam, Robertson and Madison counties with combined population of more than 76,000 people.

Mr. Blake and associates bought the Coca Cola Bottling plant in Cameron from Akers Bros. several years ago and combined the resources of Robertson and Milam counties. The business has flourished and the recent expansion is a healthy sign. Mr. Blake before he entered the soft drink business, was with the Gulf Oil Corporation. With his family he moved to Cameron from Hearne when he purchased the local plant. Coca Cola in bottles will be transported by truck from Cameron to Madison county.

BLAKE TO SAN ANTONIO

F. G. Blake of the Coca Cola Bottling Company, a member of the Board of Directors for the Texas Bottlers Association, was in San Antonio Friday to attend a meeting of the directors.

NEW HOMES BEING BUILT IN CAMERON

Building prospects are better this fall than they have been in the past eighteen months according to a representative of one of Cameron's leading lumber firms.

Among the new homes being built is a six room frame house being constructed by Mr. and Mrs. H. M. Akers on Highway 77 toward the river. The house will have hard wood floors and will be modern and up to date in every detail.

Mr. Akers was formerly a partner in the Coca Cola Bottling Company here and has been associated with the Dr. Pepper firm in Baton Rouge, La. Recently he and his brother Claude Akers have been in the livestock business.

There are other prospective builders of new homes and many homes are being repaired and made more modern.

Miss Clara Schiller and Miss Evelyn Foyte of Fort Worth are visiting here in the Joe Petruy home. Miss Schiller is a niece of Mr. Petruy and has been a guest in their home for the past two weeks.

BURLINGTON MERCHANT BURIED TODAY

Funeral services for Joe Cahill, Burlington merchant, who died at the Cameron hospital Wednesday, were conducted from St. Michael's Catholic Church in Burlington Friday morning at 9 o'clock. Rev. T. F. O'Sullivan officiated at the service. Interment was made in Burlington cemetery with Coleman Funeral Home of Cameron directing arrangements.

Miss Wilkerson is a former Cameron girl and is visiting friends in the city. There were 16 girls to attend the picnic. The next meeting will be held on Thursday, September 7th.

Miss Frances Kilian of Austin is here visiting friends. Miss Kilian is a former resident of Cameron and has many friends here who are always happy to welcome her back.

Zelisko, son of Mrs. Annie Zelisko in a double ring ceremony performed at Hope Lutheran Church at Buckholts, Tuesday at 6:30 p. m. by Rev. A. E. Flathmann, pastor of the church. Nuptial music was given by Mrs. Leo Fuchs, organist and sister of the groom, who played the wedding marches and accompanied Miss Virginia Weems of Cameron as she sang, "I Love You Truly" and "Oh, Promise Me." Mrs. Fuchs played the processional from "Lohengrin" and Mendelssohn's recessional and during the ceremony "Traumeri." The bride who was given in marriage by her father, was accompanied by him to the altar, candle lighted and banked with ferns and vases of white and pink asters. She was gownned in lace and net over satin cut along princess lines, long sleeved and sweetheart neck. Orange blossoms trimmed the coronet of illusion from which the long veil cascaded to form the train. She carried a colonial bouquet of white rosebuds and lilies of the valley. For something old she wore a locket belonging to Mrs. E. H. Geistmann, an aunt. Miss Genevieve Walschak, sister of the bride, and maid of honor wore pink taffeta with lace trimming and carried colonial bouquet of purple asters. She carried a nosegay of rainbow asters. Mrs. Leo Fuchs, organist, wore rose brocaded taffeta, her corsage made of daisies in purple shade. Miss Weems wore green taffeta with a

corsage of daisies. Mrs. A. R. Walschak and Mrs. Annie Zelisko were attired in black and wore white gladiolas. Lorenz Zelisko, brother of the groom, attended him as best man, while Arthur Watson, cousin of the bride, of Houston and Wilbur Bruggmann of Cyclone were groomsmen. Ushers were Leo Fuchs and Johnnie Fuchs. Immediately following the wedding, a reception was held at the home of the bride's parents. Vases of pink, white and purple asters decorated the living room. Centering the lace laid bride's table in the dining room was a reflector on which was placed the bride's bouquet. The three-tiered wedding cake, beautifully decorated, topped by a bell and lilies of the valley, was placed at one end of the table. Mrs. J. A. Walschak, aunt of the bride, presided over the cake while Mrs. Johnnie Fuchs, cousin of the bride, was in charge of the punch bowl at the opposite end of the refreshment table. Sandwiches were served also. Mrs. Leo Fuchs assisted in serving. Miss Elvira Schiller invited guests to register in the bride's book. WANT-ADS

FOR SALE—Feather bed and about 50 pounds of goose feathers. Box 746, Jerusha Rogers, Cameron, Texas.

LOST—Iron gray mare mule, 13 hands high, weighs about 700 pounds with Spanish brand on shoulder or thigh. Phone 320 or notify R. B. Texas.

WANTED TO BUY—2 teams, farm implements, feed. Also want to rent farm. Have large force. Best of reference. O. P. Robbins, Star Route, Cameron 2tp

Ray Burke, Jr., of Waco, who is with a Safeway Store, spent the week end here with his parents, Mr. and Mrs. Ray Burke.

Jack Benny

(Continued from Page 1) plays the singing star of his troupe. Jack's in love with her, but she doesn't exactly reciprocate the feeling. Rotund Edward Arnold is cast as a far too busy business man whose wife encourages Jack to make her husband jealous. Jack, in turn, shows an interest in her in order to

arouse jealousy in Dorothy's heart.

With a smoothly written story by Morrie Ryskind, author of such screen successes as "My Man Godfrey" and "Stage Door," the picture leaps from one hilarious situation to another, Jack constantly finding himself in situations adroitly designed to evoke every kind of laughter from a snicker to the heartiest of belly-laughs. Involved in these proceedings in important supporting roles are Binnie Barnes, as Edward Arnold's wife, Phil Harris, as an orchestra leader, Betty Grable as a

chorus girl, "Rochester" as Jack's valet, E. E. Clive as a butler, and Matty Malneck and His Orchestra. And by the way, "Rochester," who makes his screen debut with his radio boss in this picture comes through with two eccentric dance routines which are being rated as nothing short of sensational.

Also very much present are twenty lissome Jetty Girls, selected by artist George Petty to show movie-goers what his magazine Petty Girl should look like in the flesh. No Sultan of Turkey ever looked on a

lovelier beauty brigade than that which appears with Jack in the big harem sequence. Incidentally, in this sequence the Merriel Abbott Dancers do what are said to be the most amazing acrobatic routines ever seen on the screen.

For the musical interludes, "Man

About Town" presents three songs which are already in the hit class. They are "Strange Enchantment" and "That Sentimental Sandwich," by Frederick Hollander and Frank Loesser, and a novelty number, "Fidgety Joe," by Matty Malneck and Frank Loesser.
